

ELIZABETH UNIQUE HOTEL, ROME

Located just a few minutes from the Spanish Steps and Piazza del Popolo, in the heart of the historic centre, Elizabeth Unique Hotel Rome is a luxurious boutique residence renowned for its gracious hospitality, with exceptional service that ensures each visitor's experience is extraordinary.

Housed in an 17th century palazzo, the interior combines a subtle colour palette, painstakingly curated contemporary Italian art and sculpted lines to create an atmosphere where the ancient and modern collide to create magic.

Art has a huge influence at the Elizabeth Unique Hotel Rome. A partnership with the Galleria Russo sees the hotel acting as an extension of the gallery, with permanent artworks, temporary exhibitions and the guest service team that is happy to arrange tours with art historians.

There are just 33 elegant rooms and suites in the boutique 'plastic free' property, and while each is unique, all offer soaring ceilings, state of the art technology, complimentary minibars, a pillow menu, unique collections of art and a light

and airy atmosphere. Refined bathrooms are all complemented by amenities created in collaboration with Laura Tonatto, perfumier to Queen Elizabeth II. The Lux Traveller loves the Corner Spa suite with its arched entrance, large separate living area, double whirlpool bathtub, private sauna and marvellous views over Via del Corso.

Another option for those seeking exclusivity is Elizabeth's Mansion. Just a few steps from the hotel's main entrance, The Mansion's interiors boast the same stunning style and consist of just six rooms that can accommodate up to sixteen guests. Those seeking maximum privacy and discretion can book the entire property.

After a busy day of ancient delights, enjoy a drop or two from the curated collection of Italian wines selected by Luca Maroni, an illustrious name in Italian oenology at the Bar Bacharach, before dining in style at the Donna E Bistrot. Inspired by the traditions of Italian gastronomy with a modern International twist, the creative menu celebrates locally sourced ingredients lovingly produced at family estates.
