

 A MEMBER OF **DESIGN HOTELS™**

## Rome, spring 2023

A modern idea of hospitality is living in the heart of Rome's historic city centre. Elizabeth Unique Hotel, member of the Design Hotels community, revolutionises the classic concept of a five-star hotel, by inviting guests to an original unique experience, tailor-made based on their wishes.

The hotel is in the beautiful Palazzo Pulieri Ginetti, a noble mansion set in a strategic point, nestled between Via del Corso and Via della Frezza.

Like continuous overlapping layers, the palazzo details coexist with the most refined modern design and the exquisite tapestry wallpapers, with the works created by contemporary artists in collaboration with Galleria Russo.

Every room reveals a balanced, fluid rhythm, where past and present, minimalism and abundance, delicate tones and intense colours, perpetually follow each other.

The **thirty-two rooms** (Initiale, Deluxe, Junior Suite and Suite, with some unique SPA rooms, with its private sauna) exhibit the inherited elegance and the tidy atmosphere of a prestigious house. DonnaE Bistrot & Bar is the perfect mixture of the hotel's cosmopolitan style and of local traditions. Some dishes are a tribute to the genuine Lucanian cuisine; a combination of Italian gastronomic traditions and international influences.

The feather in the cap is the à la carte breakfast; as far as ingredient selection, creativity and quality are concerned, it equals the excellence of a superb brunch and tempts the most sophisticated guests. Indulge in a late breakfast, available until 12.30 PM.

The Bar menu is a tribute to Italy and offers a collection of signature cocktails dedicated to its regions and a selection of only the finest Italian wines.

The wine list is embellished with the partnership of Enrico Serafino, *“a family winery crafting artisan wines like you would make for your beloved.”*

The main inspiration for this project comes from the renowned grand tours that took young aristocrats to the main European cities in the twentieth century. The spectacular retro wallpapers in the rooms remind us of those tours.

By evoking such famous explorations, Elizabeth Unique Hotel interprets experience as a cultural and intellectual enrichment.

The protagonist of the journey is the city of Rome with its incomparable historical, artistic and cultural heritage, and guests are invited to discover it following out-of-the-ordinary itineraries.

*Elizabeth Unique Hotel is a sincere and pure dedication, written with admiration and gratitude. It is a homage to Signora Elisabetta, mother and grandmother of the founders. A key woman figure who left the indelible signs of her love and the incomparable example of a unique authentic hospitality.*
